PROJECTS

Home, *Animation Capstone, Class Project*

Fall 2025

- Became one of the Storyboard artists for this 3-minute short film.
- Character Designer for all the characters featured in it (aside from Arnie who was later redesigned by someone else)
- Voice Actor in the Final Animatic only
- Animator for both the animatic and final animation

OTHER WORK EXPERIENCE

Concept Art ASU Exhibition

Dec 2025 - Dec 2025

- Included 3-page storyboard art to showcase
 - *Kiki & Starla vs The Spotlight* is a movie concept about our main characters getting invited to a party and trying to find the real criminals who are framing them for theft. The storyboard is a scene of them finding out they were framed.

The Alien Within" ArtCORE Exhibition

Apr 2022 - Apr 2022

- Included 2D design art to showcase
 - *Water Birds* is a hand drawn painting from a drawing I made in middle school. The art piece is meant to give it a more modern style and changes the design of the birds and the flowers. For this piece, I used paint and pencils.
 - *Time Motion Dream Sequence* is a zine piece featuring myself in a dream as my Sona, a green rabbit with long hair. One side of the zine has the beginning of the dream and the past. The other side shows the future and the ending of the story. I used Micron Marker and Artist's Loft Markers.

OTHER ACTIVITIES

Other activities include: Video Editing, Play Video Games, Watch TV, Spending time with family, and Walking
